SINGER'S SEWING MACHINES.

These Machines have an established reputation all over the civilized world. Some of their main practical advantages over other machines, for similar purposes, are as follows:

1st. They are superior in mechanical workmanship. No attempt has ever been made at expensive ornamentation, but all the working parts of our machines are made with the highest possible finish, without regard to the cost.

2d. They are more profitable to the buyers than any other. The fair average clear profit of one of these machines, regularly employed, is ONE THOUSAND DOLLARS A YEAR.

3d. They are universal in their application to practical work. With the same machine fine muslin may be stitched with the finest cotton thread, every description of tailoring work be done, and shoes, harness, or other leather-stitching executed, and each of these kinds of work is performed better than by any other machine.

4th. They are more durable and less liable to get out of order than any other. This results necessarily from their perfect contrivance and construction.

5th. Whoever buys one of our machines knows to a certainty that it will perform the work required.

6th. Our machines make a fast stitch that will neither rip, ravel, nor pull out.

In order to place the best Family Machines in the world within the reach of all, we have reduced our Letter A, or TRANSVERSE SHUTTLE MACHINES, beautifully ornamented, to \$50.

SINGER'S NO. 1 & 2 STANDARD SHUTTLE MACHINES, both of very general application and capacity, and popular both in the family and manufactory. Prices reduced respectively from \$135 and \$150 to 90 and \$100.

SINGER'S NO. 3 STANDARD SHUTTLE MACHINE, for Carriage-makers and heavy leather work. Price, complete, \$125. Also, to complete the list, an

ENTIRELY NEW ARTICLE, unequalled for manufacturing purposes; Noiseless, Rapid, and capable of every kind of work! Price (including iron stand and drawers), \$110,—cheaper at that, in view of its value, than the machines of any other maker as a gift.

☞ All persons wishing full information about Sewing Machines, Prices, Sizes, &c., can obtain it by applying at either of our offices, by letter, for a copy of L. M. Singer & Co.'s Gazette, a paper entirely devoted to the subject. It will be sent gratis. I. M. SINGER & CO.

A CHALLENGE TO THE WORLD!

CHILSON'S PATENT TRIO STOVE.

SIX SIZES.

The cut of this remarkably economical Stove will enable every intelligent mind to comprehend, at once, the great economy in fuel secured by this strictly philosophical invention. Its extensive use has PROVED, and we can safely WARRANT a saving of FIFTY PER CENT. in fuel over any other plan of Stove known.

CHILSON'S PATENT Trio Portable Furnace.

THREE SIZES.

This Furnace is the same in principle as the Trio Stove. We warrant a saving of FIFTY PER CENT. in fuel over the common Portable Furnaces. It is made of substantial heavy castings, and is not liable to rust and burn out, or leak gas, as is the case with the common portable furnaces, made partially of sheet iron.

Stoves, Furnaces, Ranges, Mantels, Grates, Registers, Ventilators, &c., as usual.

Special attention given to warming and ventilating buildings.

GENERAL INSTRUCTIONS.

Never send money or valuable matter of any kind in a letter without having it registered. The fee for registration is eight cents. Have your mail addressed to street and number, with name and address of sender on upper left hand corner. By so doing you will insure its prompt and regular delivery. When changing your residence, notice should be left at the post office or given to the carrier. All irregularities in delivery should be reported to the postmaster for correction. There is no limit of weight to first and second class matter or single books; all other matter is limited to four pounds. Liquids can only be mailed in metal or wooden boxes. Persons sending postal cards with the words "in haste" or other words unconnected with the delivery, written upon the address side of the card, subject the same to letter postage, and they are held as unmailable.

RATES OF POSTAGE.

First Class Mail Matter.

Letters—This class includes all sealed matter or otherwise closed against inspection or anything containing writing. Postage 2 cents an ounce, or fraction thereof. Registered letters, 10 cents in addition to the regular postage.

Third Class.

Mailed matter of the third class includes books, transient newspapers, periodicals, circulars and other matter wholly in print, corrected proof-sheets and manuscript copy accompanying the same. MS. unaccompanied by proof-sheets letter rates. Printed circulars may have the date and name of the sender and person addressed written therein. Limit of weight, 4 pounds each package, except single books, weight not limited. A MAN 37 YEARS OLD can protect his family for 20 years with the best Life Insurance contract ever issued, by simply making a moderate annual deposit for ten years only. At the end of 20 years he can have his money all back again with dividends added if desired. Let us send you a specimen of this contract illustrating the above and a number of other equally valuable and interesting features.

A MAN 37 YEARS OLD can protect his family for 20 years with the best Life Insurance contract ever issued, by simply making a moderate annual deposit for ten years only. At the end of 20 years he can have his money all back again with dividends added if desired. Let us send you a specimen of this contract illustrating the above and a number of other equally valuable and interesting features.

A MAN 37 YEARS OLD can protect his family for 20 years with the best Life Insurance contract ever issued, by simply making a moderate annual deposit for ten years only. At the end of 20 years he can have his money all back again with dividends added if desired. Let us send you a specimen of this contract illustrating the above and a number of other equally valuable and interesting features.

A MAN 37 YEARS OLD can protect his family for 20 years with the best Life Insurance contract ever issued, by simply making a moderate annual deposit for ten years only. At the end of 20 years he can have his money all back again with dividends added if desired. Let us send you a specimen of this contract illustrating the above and a number of other equally valuable and interesting features.
