GENERAL INFORMATION & RECOMMENDATIONS

Councilor Boncore reports, EOC is closed and is now being run by the Health Department, Winthrop Food Bank is closed. Winthrop Foundation presented the town with a check for \$26,000 for food for Winthrop Citizens, please call the Winthrop Community Pantry 617-846-6884, also Winthrop Veterans Food 617-846-3065 or contact MiAmore: www.miamore.org/contact us. And food or gift certificates for food available. Winthrop Market Place will delivery if you have no transportation or if you do not want to visit store 617-846-6880

Governor proclamation about Outdoor dining. It is up to the Town Chiefs Executor Officer to approve; Council President reads excerpt proclamation... (see attached)

Council President Boncore makes an executive order that the town will be able to have outside dining immediately. Each restaurant must submit a plan to the Board of License that includes seating and if alcohol will be served. The Board of License, after review, should approve immediately. Licensees do not have to go to the ABCC for approval, a list will be sent to them of who has been approved. Tables will be spaced 6' apart, no more than 6 people at a table. Awnings, lights & heating systems will be allowed in your closed off area. No closed in tents.

Send applications in as soon as possible, indicating to the Board of License what your plan is and along with the Board of Health and Inspectional Services, we hope to have all up and running immediately.

Council President thoughts of areas that will not block sidewalks and handicap parking to keep within ADA Compliant would be Hagman Rd. extension. He has discussed with DPW Director Steve Calla about this area.

Vice President Letterie asks if license is for a specific time period?

Council President announces this is until November 1, 2020.

Council Letterie asks if at Hagman Rd. extension, will this be closed until November 1, 2020-Yes

If tables are used consecutively, they can be left out. If not used for 4 days in a row, must be removed.

PUBLIC HEARING

Public Hearing Open-
FY21 Budget

Wendy Millar Page (P2)-Regarding the budget, she is asking for additional funding for the Board of Health.

Vice President Letterie reports that the Finance Commission/Committee along with the Town Manager and Assistant Town Manager/CFO have been working very hard. A reduced anticipated revenue due to state aid has caused the Finance Commission a slight delay in their recommendations for the budget. Also responds that the commission is very aware of the needed funding of the Board of Health.

Town Manager Faison replies that himself and Assistant Town Manager Anna Freedman have reviewed the budget and will be posting items online for public viewing. Not proposing layoffs, staff reductions, protecting in house positions and wants to be ready when we will be opening our offices. Cares Act funding can be used for the Board of Health. Need to retrofit buildings to be able to work appropriately in their offices. Maybe exploring furloughs, but this is still in review. Working as hard as possible to use funds as appropriately as possible.

Vice President Letterie, there are restrictions on Cares Act funding, and it cannot be used for the budget.

Finance Commission will have their recommendation for our June 16, 2020 Town Council Meeting.

Motion by Vice President Letterie to continue the FY21 Budget Public Hearing until our next Town Council Meeting.

PUBLIC COMMENT

Sarko Gergerian-Asks the Town Council to vote no on request made by Lt. Dalrymple. His request is asking that everyone in the civil service police dept. play by the rules. There are rules that we have faith in, his ask is simple, moral ethical and legal and takes other into consideration. Please keep all officers in mind. If this is allowed, the police officers faith will be crushed. Please vote no. If you do what is right, it will be right in the end. Feels very strongly about.

Dawn Manning-Wants to speak about the motion on the parking stickers for the point residents. All day people are coming in from early morning to late at evening, there is no social distancing, no mask wearing, groups that do not seem like family just friends that are not abiding by the social distancing. There is nowhere to park and no resident stickers, expired inspection stickers and why is Speed limit 25mph? Does not remember any notification on this speed. Residents in dire need, totally overloaded and need help. Council President agrees that people must still distance and do the correct thing to continue the social distancing. Groups are no more than 10, 12' apart from any other group and if not in water, wear a mask. Talk to the young, they are not abiding by these rules, it is up to the adults to talk to them and teach them. Protect people.

Bonnie Houghton-P3-Influx of people allow no parking, no regards how they park, block driveways, must sit and wait for a space to open. Most have no driveways and streets are limited in width and size. People do not realize streets are dead ends. No masks, no distancing, it is just too much. Increase of people not cleaning up after dogs. Feels unsafe because of amount of people and speeding cars.

William Rice-P3-Echoing a lot of concerns as Dawn Manning, Point Shirley is inundated with out of town visitors. None are residents, all of town. Dramatic increase due to closing of revere beach and parking at deer island. They have no regard of the limited parking the pt. has. They will take any spots available. Have not seen any enforcement as far as parking or visitor influx. Would think with Covid, the enforcement should be increased, no masks or social distancing. Please take serious action to alleviate these problems.

Rosemary Fabiano Attarvient-Sympathize with Pt. Shirley, 2 requests that 1 more handicap can be added to parking in front of Yirrell. Is there any way you can have a resident sticker and park on ocean side, and have it enforced?

Nancy Dalrymple-Regarding the motions seeking approval to authorize continue of employment after 65 years of age. She has sent a lot of information for Town Council review. This is not a request that is new, 6 Town Council members unanimously approved Paul Flanagan, Robert Crawford, it has been done numerous times. This has nothing to do with civil service or Unions. She is same group as Paul Flanagan, ruled by Chapter 32, Pension and Retirement. Please treat me the same as you treated Paul Flanagan, believes this is an ethical and moral issue. She should not be treated any differently because of who she is, being a woman, her staying on would not hurt new hires. Opening that can still be filled. In terms of upward mobility to be promoted. She too had these aspirations and they did not come her way, there is no guarantee for any promotions. If she is allowed, it is not going to explode the police dept. she is ready and able and thanks you for her request.

Jessica Apel P3-Would it be possible by portion of Shirley St. by church become a one way, could the town consider this. Heard that MWRA stop sign on Shirley St. and Tafts Ave is very unsafe, MWRA was going to extend, is this true.

Town Manager-Still engineering this intersection.

Joint-Rules & Ordinance / Board of License

COMMITTEE REPORTS

Finance Committee: Vice President Letterie reports:

Town Council transfer \$17,325 from Free Cash to FY20 Risk Advisor Services

Voted 2-1 with positive recommendation, Vice President Letterie voted against as he has asked not to give a motion that the contract has already been signed. He believed this is something that he thought we could do on our own.

Town Council transfer \$15,000 for remainder of FY20 for Pest Control

Passed with a positive recommendation PR but amended up to \$18,000. This will get us to the end of year. We have had increased activity and therefor increased activity in rodents.

Miller Field Committee: Vice President Letterie

Meeting tomorrow, 98% ready to go with field house. A couple of items to be addressed but very close to obtaining and obtaining a Cert of Occupancy. Refurbished tennis courts. Safer, cleaner more friendly to walk Maintenance shed at golf course. It was taken down by the town and now in the process of replacing it. In same vicinity of Veterans Rd side of Miller Field, do a dog park. If for no other reason, wants to do for Councilor McDuffee who worked so hard for this dog park.

Council President Boncore states today they were pouring to test the ground for the dog park. It has been in the making for many years.

SBAC: Vice President Letterie

Substantial headway on a lot of fronts, allotment of funds, reserve for tennis court remodel plan, media center in library of HS. Substantial investment in technology. Purchase 2 athletic vans, will help with transportation cost, sped van and life skill items. Will be meeting to start this process.

Virtual Meeting DeMarco- Covered Covid 19 issues, water /sewer bills, recommendations to have more. Maybe Tracey and Rob do together as Councilors at Large?

Joint-Rules & Ordinance / Board of License: Councilor Christopher

Reports on the Outside seating. Focus on the outdoor dining in Winthrop. Reviewed other communities and crafted an Ordinance that would fit our community. This was before Governor came out with Executive Order and the ordinance is not necessary. Good discussions with what process will look like in the future and hopefully will be taken into consideration with Council President Boncore final decision on the Outside seating.

Town Manager Report: Town Manager Faison

He feels it is necessary to discuss what is happening in the country right now. We must have a base level of respect for all, regardless of their background.

Public Health Director Meredith Hurley-Trending down with cases...EOC is closing but still available for any questions, preparing for Phase II Getting ready for PhaseIII

Chief Delehanty comments on there are very different backgrounds and thanks the WPD for the work they have done but understand some of the protests going on. Had to deploy WPD to a neighboring city and looked more like a war zone. Some people need to be removed that do not want to protest peacefully and lawfully.

Council President Boncore thanks people of Winthrop, small but peaceful demonstration on the bridge and WPD helped with mutual assistance.

Town Manager Faison reports on runway 27 at Logan Airport, going to be barge and boring 7am-7pm, will last 3-4 weeks. 9 borings for safety rehab. Covered under the Boston Conservation Commission, there will be community meetings. Information will be available on website.

SCHOOL DEPARTMENT UPDATE: Council President Boncore

Met last night and a very interesting meeting. Learned that the Cummings, High School, Middle School and Fort Banks, students can get in and get their items. 1986 students, learning virtually with several home school students.

Signed contracts for the secretaries and ESP's.

Cummings playground will break ground on June 3

Purchased temporary camera which will pick out a person with a high temp. and this will help the nurse with finding anyone that might be sick and have a fever.

Governor opened graduations after July 19... WHS Graduation finally know July 23 is graduation day at Miller Field.

Recuse-Councilor Rich Ferrino

Motion by **Town Manager Faison** that the Town Council of the Town of Winthrop hereby authorizes the filing of a petition with the General Court for special legislation authorizing the Town to continue the employment of Winthrop Police Officer Lt. Nancy Dalrymple past the mandatory retirement age of 65 as set forth below; provided, however, that the General Court may make clerical or editorial changes of form only to the proposed special act, unless the Town Council approves amendments prior to enactment by the General Court and to authorize the Town Council to approve amendments which shall be within the scope of the general public objectives of this petition:

AN ACT AUTHORIZING THE TOWN OF WINTHROP TO CONTINUE THE EMPLOYMENT OF WINTHROP POLICE OFFICER LT. NANCY DALRYMPLE

SECTION 1. Notwithstanding any general or special law to the contrary, Winthrop Police Officer Lt. Nancy Dalrymple of the Town of Winthrop, may continue to serve in that position until June 30, 2023, the date of her retirement or the date she is relieved of her duties by the Town Manager of the Town of Winthrop, whichever occurs first; provided, however, that she is mentally and physically capable of performing the duties of this office. The town manager may, at the expense of the town, require that Lt. Nancy Dalrymple may be examined by an impartial physician on or about her 65th birthday and each year hereafter on or about her birthday to determine such capability. No further deductions shall be made from regular compensation of Lt. Nancy Dalrymple pursuant to Chapter 32 of the Massachusetts General Laws for service subsequent retirement allowance equal to the allowance that she would have been entitled had she retired on that date. Lt. Nancy Dalrymple will continue to be a Member in Service under Chapter 32, Section 1, for purposes of eligibility for benefits under Chapter 32, sections 7, 9 or 100 during any period after her 65th birthday while servicing as Lt. in the Winthrop Police Department

SECTION 2. This act shall take effect upon its passage.

2nd by Councilor Flockhart

Discussion:

Councilor Flockhart asks what happens if the legislators are not in session by the time her retirement age is reached?

Town Manager Faison it would be sent up to them accordingly, the Speakers Office is aware of this and if it is voted for, it will be sent to them.

Councilor Flockhart asks if assumption it will be brought up.

Town Manager Faison there are no assumptions, it will be dealt with immediately after vote.

Vice President Letterie speaks out of respect for Lt. Dalrymple as for all employees of the Town of Winthrop and takes this request extremely seriously but what he looks at is the potential of a severe negative impact to the police department. He thinks every public employee has a special purpose and has special attributes to help them do their job as best they can. He is looking at if this employee retires would there be a significant negative impact to that department, and he feels there would not be. He will be voting no.

Councilor DeMarco shares **Vice President Letterie** remarks and this is not any easy vote, but does believe there is a difference between the Chief of the Fire Dept. to a Lt. of the Police Department and must look on a case by case basis and has to look at the impact of the retiree. He will be voting no.

MOTION

Date: 6-2-20

TEXT OF MOTION

MOTION: That the Town Council vote for a pilot program to require resident parking stickers down the point from the opening of the Town Landing from June 19, 2020 through Sept. 7, 2020. This motion would require anyone parking a vehicle down the point to either display a Winthrop residential parking pass or a Visitor's pass regardless of the time of day.

This program addresses several issues:

First the parking around Yirrell Beach - as many point residents say that parking is extremely limited. It would also address the residual parking from Deer Island that spills on to Tafts Ave. Finally, and most importantly, with COVID 19 cases continuing to decrease in the town, it will limit the amount of visitors, during this pandemic. It follows the model of the town wide curfew from limiting our options to social distance.

Being a pilot program, this would expire on September 7, 2020 and community feedback will determine whether this program should be put in place on a more permanent basis.
