- Councilor Munson
 - Because it’s 8am to 8pm there is a viable window for residents to stay in these lots and strikes a nice balance between businesses and residents
- Councilor DeMarco – we want people to be able to go get their hair done and then go visit the local businesses without fear of being ticketed
- Munson what is the signage currently?
 - DiLuiso – currently there is no signage down the center
- DiLuiso
 - Charging stations – language suggests that if you are actively charging you can park there but if you are not, then you cannot park there

 - There are people who currently park there who are not actively charging
 - Mike DiLuiso – currently there are no signs so hopefully this will change

 - Mike DiLuiso – simply put, if you are in a business district lot you have 4 hours, if you are in a non business district, you have 2 hours
- Mike DiLuiso
 - There are 31 total spots in the CBD area that have no time restriction beyond the residence sticker for overnight parking
- Councilor Belcher
 - Thinks this plan is a solid jumping off point and can adjust as we go

- Councilor Munson – would like to explore solutions for all of the businesses in the Town for their employees on a day to day basis but there could be an opportunity at the Bank of America building
- Mike DiLusio – reviews the exceptions section
- Councilor Ruggiero
 - Asks for clarification on the Town Hall lot section and what the intention is
- Betsy – asks about the seasonality of installing signs
 - Mike DiLuiso – spoke with the administration and most likely, any signs that need to be installed won't be done so until the spring. If the pole is up, it can happen much sooner.
