From ISD-

We have been working doing convenience store inspections. All comply except for one on Shirley Street. We are working with the owner to bring it to compliance.

We received several complaints regarding Fort Heath Apts. We will be conducting an inspection with the Fire Dept. this week. Ongoing beach testing is being done weekly. The last time we test is the Wednesday before Labor Day then we start back up next year. Grease trap inspections are complete.

We have 2 Problem Properties that are being dealt with.

We worked with the Harbor Master assisting a gentleman who lives on his boat. We provided him the phone number to Veteran Services who has been working with him for additional services.

That's all for this month.

Sharon
